

ISC Companies

Company Overview

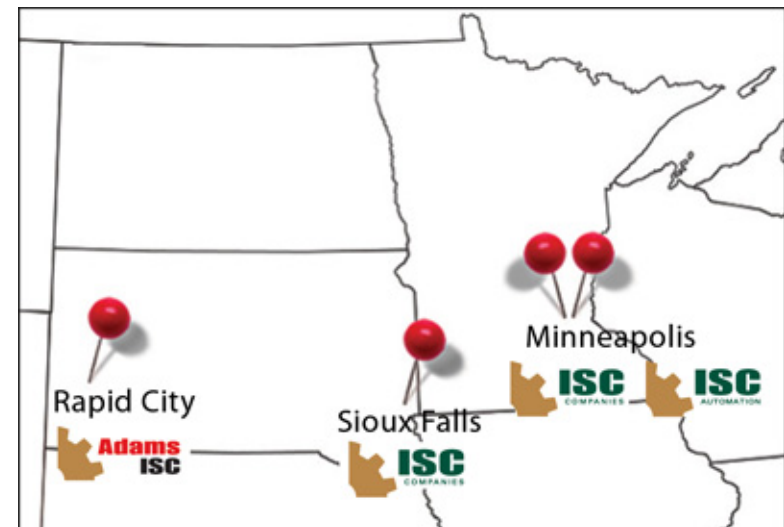

ISC Companies has evolved into a leading industrial supplier and service provider of:

- Bearings, mechanical power transmission parts, industrial supplies, and motion control components
- Machine Shop Services (machining, welding, fabrication, production rail cutting)
- ISC Automation/UL Listed Panel Shop (508A/698A)
Industrial Control Panel (ICP) design/build

- **Company Name:** ISC Companies, Inc.
- **Former Name:** Industrial Supply Co.
 - Rebranded 2008
- **Year Founded:** 1939
- **Locations:** 4
- **Subsidiary:** Adams-ISC, LLC.
 - Est. 2011

Associations

AD (Affiliated Distributors) is a network of independent distributors and manufacturers of construction and industrial products that strives to facilitate growth for its members and suppliers.

The PTDA (Power Transmission Distributors Association) is the leading association for the industrial power transmission/motion control (PT/MC) distribution channel.

MPMA (Minnesota Precision Manufacturing Association) has built upon its achievements the past 60 years and has become the leading voice of the precision manufacturing industry in Minnesota.

Parts Distribution

Mechanical Power Transmission Parts &
Motion Control Components

Adding Value to Distribution

ISC Companies has been in business for more than 80 years. We are proud of our history and the reputation we've built as a knowledgeable, reliable, and fair industrial distributor. Customers rely on us for parts selection, application assistance, timely service, and competitive pricing. Whether you need a simple part or a custom assembly, we'll work with you to determine the best solution.

Parts Distribution Top Vendors/Brands

Shop Services

Machining, Welding, Metal Cutting, Custom Fabrication,
CAD/CAM Design, UL Listed Panel Shop

PARTS DISTRIBUTION + MACHINE & FAB SHOP + UL PANEL SHOP

By providing industrial parts, machining, fabrication, design engineering, and panel shop services, we are able to offer customized solutions that other distributors simply can't match. We want to minimize your project scope by offering the parts you need and the service you expect.

Save time and money working with one parts and service vendor.

- Fewer P/O's
- Fewer part numbers
- Fewer vendors

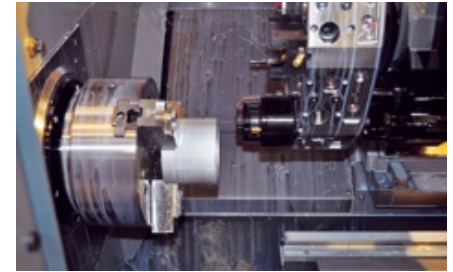

Machining Capabilities

CNC Milling

- 3- and 4- Axis
- Automatic Pallet Changer
- Wireless Probing

CNC Turning

- Automatic Bar Feed
- Live Tooling

Machine Shop Equipment

Mills

- HAAS VF-2 (2)
- HASS VF-5SS
- HAAS VF-3
- HAAS VF-4SS
- HAAS VF4-SS APC

Lathes

- HAAS DS-30SSY
- HASS SL-20
- HAAS SL-30
- HAAS TL-2
- South Bend

Other

- Marvel/Amada
PA10MPC Bandsaw

Welding & Metal Cutting

Welding

- AWS certified welders
- All types of metals
- TIG (Tungsten Inert Gas)
- MIG / GMAW (Gas Metal Arc)

Metal Cutting

Capacity: Round Stock 10" Diameter
Rectangular Stock 10" x 12" Wide

Tolerance: Holds +/- .005

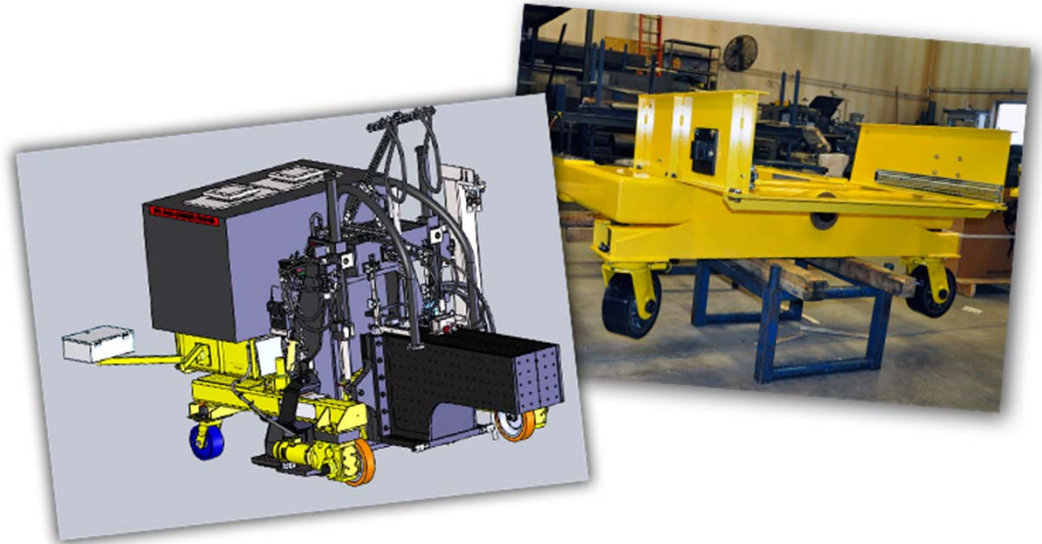

Materials: Carbon Steel, Stainless Steel, Aluminum

Design Engineering

- CAD/CAM Design
 - SolidWorks (3D)
 - AutoCAD (2D)
- Prototypes
- Conceptual Design
- Parts Manufacturing
 - Small/Large Production Runs

Custom Fabrication

ISC Automation

UL Panel Shop Capabilities

- ISC Companies is proud to be a UL 508A/698A listed panel shop experienced in drafting, building, programming, and supporting industrial control panels.
 - **UL 508A:** Control panels for industrial applications
 - **UL 698A:** Intrinsically safe control panels for hazardous locations
- Electrical Component Sourcing/Integration
- On-staff Electrical Engineers
- Machine Safeguarding

UL Panel Shop Capabilities

- PLCs, HMIs, and PC based control systems
- System planning and evaluation
- Complete turnkey solutions
- Custom programming and assembly
- In-house, live system testing

Control Panel Design/Build

- Fan & Pump Controls
- Wastewater Controls
- Motor Controls & VFDs
- Across-the-Line Starters
- Crane & Hoist Controls
- Auger & Conveyor
- Large MCCs
- Junction & Tie-in Panels
- OEM contract panel assemblies
